WHAT DOES OUR "LOW PRICE PROMISE" LOOK LIKE?

"My local dealer wanted \$750-800, and were going to ship it to Chicago for repair. It would take 6-8 weeks.

I took my BERNINA 880 here because it would no longer self-thread. They fixed it in less than 2 weeks for only \$125.

I also found out that they are MUCH cheaper for supplies, material, thread, etc. than my local dealer. This is the place for all sewing machine repair, as well as a great place to shop. While talking to them, we inquired about some local restaurants. They steered us right. Food was great. It was well-worth the 2 hour drive. They also have a GREAT assortment of new and used vacuums for sale."

NEW AUTOMATIC NEEDLE THREADER

The Automatic Needle Threader helps you get started with a different thread by simply pushing a button. Conveniently and quickly, every single time.

Sew many features!

Sew without limitations.

Unlock unlimited creative potential by customizing the 2,927 stitch patterns or creating your own stitches with the Stitch Designer. Only BERNINA gives you Total Stitch Control to place and adjust every stitch exactly as you want it and with the new Jumbo Stitch, the stitches are magically transformed into patterns of all sizes — sizes never sewn before! PINPOINT PLACEMENT WITH NEW 4-POINT

Perfect design placement starts with exact virtual positioning. Pinpoint Placement gives you total control of the stitching placement of your embroidery. With the new 4-Point Placement, simply define four points on the fabric in the hoop and the design is placed proportionally or morphed to fit the created boundary.

NEW WIFI CONNECTIVITY AND BERNINA STITCHOUT APP

WiFi allows you to transfer embroidery designs from your optional BERNINA Embroidery Software 9 DesignerPlus directly to your 8 990, or the other way around. And thanks to the new BERNINA Stitchout App, the embroidery process can be monitored on your smartphone or tablet. The B 990 connects with the app allowing you to monitor the status of your embroidery stitchout from any room in your house. The app notifies you when the machine needs your direct attention, like thread color change, thread breakage or when the design is finished.

Quilt like a wizard.

The B 990 is your perfect quilting companion. With the large 14-inch throat space and the new BERNINA Integrated Stitch Regulator (BISR), quilting is comfortable and convenient. New features include the ability to adjust the minimum stitching speed and the adjustment of stitch lengths as stitches per inch (SPI).

Computerized Quilting with the SDT Embroidery Module empowers you to quilt like a pro. Unlimited scaling possibilities, the ability to modify the stitches per inch (SPI) and enhanced quilt securing enable you to achieve perfect results. New features let you further edit and customize quilting designs by visualizing the start and stop, flipping the start and stop position and matching the start and stop points. Use the over 200 built-in Customizable Quilt Designs, or expand your library. Computerized quilting is now in your total control.

The B 990 is a superior, all-in-one quilting machine. Extra-large space, precise stitch regulation and the ability to customize quilts of all sizes— you can feel confident creating quilt projects from the first to the last stitch!

BERNINA Stitch Regulation is now possible with all quilting applications — including Ruler Work! The built-in stitch regulation works automatically with the 5.5 mm BISR Stitch Plate with Sensor and all BERNINA quilting presser feet and accessories. Simply attach the stitch plate, and the quilting foot of your choice to achieve perfect quilting stitches with the exact same length at variable sewing speeds.

BERNINA ADAPTIVE THREAD TENSION

The BERNINA Adaptive Thread Tension, a BERNINA innovation, provides ideal thread tension while sewing to achieve perfect stitch quality on both sides of the fabric. Once the tension is set according to the thread and fabric used, BERNINA Adaptive Thread Tension will constantly check the thread tension, adjusting it automatically when needed. The result is the finest stitching without pressing a button.

JUMBO BOBBIN

The front loading, easy access Jumbo Bobbin holds up to 70% more thread than standard bobbins, allowing you to sew and embroider longer without interruption.
