Bernina 750 QE w/ EMB MOD

The Bernina 750 QE w/EMB MOD is a great all-in-one machine. It has tons of space for big projects and quilts with an extra-long freearm with ten inches / 254 mm of space to right of the needle and a super-sized embroidery area. It has a sewing speed of up to 1000 stitches per minute and includes several features of convenience. These include an LED sewing light, a full-color touchscreen, and built-in tips, tricks, and tutorials from the Sewing Consultant. The machine also comes with the Bernina Stitch Regulator, which provides consistent high-speed free-motion stitching assistance with both straight and zigzag stitch options.

With the embroidery module for the 750 Quilter's Edition, you can create mirror images, as well as, rotate, size and recolor your selected design right on the touchscreen. You can also preview alternate color options and save them on your machine or USB Stick and use Absolute Check for perfect design placement. This machine was one of the first to include the Bernina 9 hook, which sews high-precision stitches up to 9 mm in width. The bobbin has 80 percent more thread capacity than our standard bobbins and allows you to sew longer without interruption and helps to control thread tension.

~~\$9999~~ **\$3399**

Contact the store nearest to you to learn more about the certified pre-owned Bernina 750 QE w/EMB MOD we have and enjoy a 1-year mechanical warranty and 30-day unlimited ask warranty on all pre-owned machines today!

Bernina 830

The Bernina 830 has been a reliable machine that has graced the tabletops and sewing spaces of crafters for years. Now, it's your turn! SVA has one certified pre-owned Bernina 830 sewing, quilting, and embroidery combination machine for sale that offers space for every project, a jumbo bobbin offering a 40% increase on thread capacity for convenience, and the Bernina Stitch Regulator for an even stitch pattern. Use the drag-and-drop editing function for a creative and precise embroidering experience, and never worry about losing the tutorials, as they're built into the touchscreen. The spacious working area extends to 40 cm (15 in) with the free arm leaving 30 cm (12 in) of space to the right of the needle for bigger quilts and projects.

Bernina 880 Plus

The Bernina B880 Plus is the ultimate in sewing, embroidery, and quilting machine. The B880 Plus includes an integrated Stitch Library offering over 1,764 stitches. Each is clearly categorized and stitches are easily retrieved, so you can find any of the 12 font styles and 460 high-quality embroidery designs you need. Enjoy pinpoint placement, enhanced editing functions, total embroidery stitch control, the Bernina Stitch Regulator, and the precise BERNINA Hook that sews high-precision stitches up to 9 mm in width with speeds up to 1,000 stitches per minute.

The extra-large bobbin holds 70% more thread than standard bobbins, so you can keep sewing for longer with the 13-inch free arm and 10 inches of space to the right of the needle. Automatic features included are thread cutting at the end of the seam, semi-auto threading, and auto-lowering of presser foot. Additionally, you'll have access to on-screen support, which provides sewing tips and time-saving advice for the ultimate user experience.

Bernina 880 Sterling Edition

The Bernina B880 Sterling Edition is an advanced, innovative machine that is made to be as sleek as it is functional. This sewing and embroidery machine boasts an extended freearm for an XL embroidery field that expands the border of your creativity. There are several benefits built-in to the B880 Sterling Edition, too, and you can experience the convenient of the 7" color touchscreen with drag-and-drop, vertical scrolling, and swiping functions for heightened editing abilities. On this touchscreen, you will have access to:

- An extensive stitch and design library with over 1,764 stitches, 400 high-quality embroidery designs, and 12 font styles
- The Bernina Stitch Designer, which allows for the creation, editing, and storage of your own stitches,
- The Bernina Shape Designer, which makes duplicating and arranging embroidery designs easy,
- The Bernina Color Wheel, which coordinates designs to a color scheme, and
- A Distortion feature, which allows for a .01mm distortion to stitch patterns.

Bernina 830 Limited Edition w/ EMB MOD

The **Bernina 830 Limited Edition** machine combines advanced technology with a uniquely elegant design for sewing, quilting, and embroidery. With 12 inches of workspace to the right of the needle, it's perfect for large projects and quilts, and the included BERNINA Stitch Regulator ensures smooth, even free-motion stitching. Enjoy fast speeds of 1,100 stitches per minute for sewing and 1,000 for embroidery and a longer sewing time with the jumbo bobbin, which holds 40% more thread and reduces interruptions during long sessions.

The endless embroidery feature simplifies border designs with seamless alignment, and automatic thread cutting, jump stitch trims, and presser foot lift makes your projects even more efficient and easy. In addition, you can complete drag-and-drop stitch editing and take advantage of easy access to on-screen tutorials with the touchscreen.

Handi Quilter 8' Loft Frame w/ New Moxie Machine Head

The Handi Quilter 8' Loft Frame is one of Handi Quilter's top-of-the-line professional quilting frame systems. It is height-adjustable so that quilters can work ergonomically, and has two loading modes: high, for the standard "quilt in the trough" experience, and low, for better visibility when using rulers.

What is most exciting about this certified pre-owned 8' loft frame is that it comes with a brand new Moxie quilting machine head, with a stitch count of 0. The Moxie features 15 inches of free-motion quilting space with easy-to-use controls and up to 1,800 stitches per minute for your project. It has a full-color display, a ruler, open-toe foot, the high-speed rotary hook, and a larger-capacity M-class bobbin.

Janome Travel Mate 30

The Janome Travel Mate 30 is a computerized sewing machine that comes ready to sew and is full of user-friendly features and inclusions. Get convenience at your fingertips with a jam-proof, drop-in bobbin, an easy-to-read LCD display, a built-in needle threader, adjustable thread tension, and an automatic declutch bobbin winder. Next to the screen are an easy-to-reach locking stitch button, easy reverse button, and needle up-and-down button. The foot control allows you to control your sewing speed ergonomically, and the machine has a convertible free-arm for additional ease of use and customization.

With the certified pre-owned Janome Travel Mate 30, you get a 4-piece feed dog and stitching speeds of up to 820 stitches per minute that are customizable in width up to 5mm and length up to 4mm. Additionally, with 30 built-in stitches and a memory buttonhole, you have exactly what you need for most projects. This machine is built to be simple and effective; it's perfect for beginners or someone looking to simplify their sewing.

Singer 221-1 Featherweight

The Singer 221-1 Featherweight sewing machine is a rare vintage gem. While the 221 Singer Featherweight sewing machines were made between 1933-1969, this particular machine was one of 40,000 commissioned on November 18th, 1949. This electric sewing machine is one for the ages at 11 pounds and with total dimensions measuring at:

- 14 7/8 inches wide
- 7 1/4 inches deep
- 9 3/4 inches tall

It features a stitch regulator lever, the original 221-1 manual booklet, an embroidered Featherweight carrying case, and an electronic foot controller. The Singer Featherweight machines were advertised as being "light as a feather" in contrast to the cast iron machines that preceded it. With your certified pre-owned Singer 221-1, you will also get a foldable table with a cutout for the machine already fitted. Get yours today!
