BERNINA Overlock & Coverstitch Machines

Unlimited Possibilities for Your Projects

Overlock and Coverstitch machines excel at creating every type of edge finish with ease. They deliver professional-quality, durable seams and hems on knit fabrics while also handling woven materials with exceptional precision. Thanks to advanced Differential Feed and mtc Micro Thread Control, you can achieve flawless stitches across any thread and fabric combination.

Whether you're sewing rolled hems or adding decorative flatlock accents, your projects receive a refined, custom touch. Coverstitch capabilities expand your creative options even further — producing beautifully bound edges, sturdy serger straight stitch seams, impeccable hems with two or three needles, and perfectly spaced topstitching for activewear and athleisure garments. Belt loops, necklines, bindings, and elastic insertions are finished cleanly and professionally every time.

From the finest hills to effortless-gathering effects, your machine empowers you to add stylish details and high-end finishes in no time at all.

FOR PROFESSIONAL RESULTS

What seems too-good-to-be-true becomes reality with an overlock machine: cutting and finishing the fabric edge neatly in a single step while simultaneously sewing the seam or hem. No matter what you sew, you'll complete your projects faster than ever before. Plus, your creations will look more professional — inside and out.

PERFECT COVERSTITCHES SEWN WITH EASE

A coverstitch machine opens up a whole new world of creative freedom. Cover and chainstitches enhance a garment and give every detail the perfect, high-quality look. Whether with one, two, or three needles, the L 520 always achieves a professional finish effortlessly and with unparalleled comfort and ease.

The Advantages of Overlock and Coverstitch Machines:

- Professional finishing of fabric edges
- Quick and easy for perfect results
- Differential Feed for wave-free seams or gathering effects
- Ideal for jersey knit, stretch, and woven fabrics
- Perfect for creating fine-edge finishes on delicate silk or satin fabrics, as well as for sewing heavy linen, fleece, and denim fabrics

Your new quilting mentor will answer questions, share instruction, and offer ideas and inspiration.

Promotion dates are July 6 through August 24, 2026, only. Promotions may not be combined with any other offers, discounts, or promotions. No substitutions. Available at participating Handi Quilter retailers in the US and Canada, or through the Handi Quilter website. Contact your local retailer for participation details. All mentoring sessions must be booked in increments of one hour and must be scheduled ahead at the convenience of both owner and educator. All mentoring sessions will be held using Zoom® and must be used in 2026. Mentorship must be initiated before November 15, 2026. Mentorship hours expire February 28, 2027. Customers must have access to a reliable internet connection and a device compatible with Zoom. National Educators will reach out to customers via both email and phone. If there is no response, customer forfeits their virtual education hours.
