BERNINA Overlock & Coverstitch Machines

Unlimited Possibilities for Your Projects

Overlock and Coverstitch machines excel at creating every type of edge finish with ease. They deliver professional-quality, durable seams and hems on knit fabrics while also handling woven materials with exceptional precision. Thanks to advanced Differential Feed and mtc Micro Thread Control, you can achieve flawless stitches across any thread and fabric combination.

Whether you're sewing rolled hems or adding decorative flatlock accents, your projects receive a refined, custom touch. Coverstitch capabilities expand your creative options even further — producing beautifully bound edges, sturdy longer straight stitch seams, impeccable hems with two or three needles, and perfectly spaced topstitching for activewear and athleisure garments. Belt loops, necklines, bindings, and elastic insertions are finished clearly and professionally every time.

From the finest hils to effortless-gathering effects, your machine empowers you to add stylish details and high-end finishes in no time at all.

FOR PROFESSIONAL RESULTS

What seems too good to be true becomes reality with an overlock machine: cutting and finishing the fabric edge neatly in a single step while simultaneously sewing the seam or hem. No matter what you sew, you'll complete your projects faster than ever before. Plus, your creations will look more professional — inside and out.

PERFECT COVERSTITCHES SEWN WITH EASE

A coverstitch machine opens up a whole new world of creative freedom. Cover and chainstitches enhance a garment and give every detail the perfect, high-quality look. Whether with one, two, or three needles, the L 620 always achieves a professional finish effortlessly and with unparalleled comfort and ease.

The Advantages of Overlock and Coverstitch Machines:

- Professional finishing of fabric edges
- Quick and easy for perfect results
- Differential feed for wavy-free seams or gathering effects
- Ideal for jersey knit, stretch, and woven fabrics
- Perfect for creating fine edge finishes on delicate silk or satin fabrics, as well as for sewing heavy linen, fleece, and denim fabrics

LITTLE REBEL

The Little Rebel is an all-in-one quilting and sewing machine. Piece your quilts with the sewing foot and feed dogs, and swap to free motion quilting in less than a minute when you're ready to finish your project. Just slide on the quilting plate and switch the sewing foot for a quilting foot. Stand at a quilting frame or sit down to free motion with the included quilting extension base.
